

STUDENT (CLASS 6–9)

! Understand our learners better so that we can support them. 

STUDENT SNAPSHOT

Full Name: Aarav Sharma

Class: 7

Section: B

Age: 12

Gender: Male

Date of Birth: 14 May 2012

Roll Number: 23

School: Greenfield Middle School

Academic Year: 2024–25

“ A NOTE FOR US

I enjoy learning new things and want to do my best every day.

1. ABOUT ME

Tell us about yourself in a few lines (e.g., your interests, personality, anything you like)

I am curious and friendly.

I enjoy reading, playing football,

and learning about space.

2. LEARNING CONTEXT

Share anything about your learning style, study habits, or support you need.

I learn best with examples and visuals.

I prefer quiet places to study and

need a little help with maths.

3. GOALS & DREAMS

What are your short-term or long-term goals?

My short-term goal is to improve

in mathematics.

My dream is to become an

aerospace engineer.

4. CHALLENGES & ROADBLOCKS

What challenges do you face (e.g., subjects, confidence, time)?

I find maths difficult sometimes.

I get nervous while speaking in front

of the class.

5. HABITS & ROUTINES

Share your daily routine, study habits, or activities you enjoy.

I study in the evening for 1–2 hours.

I play football after school.

I read story books before bedtime.

6. ACHIEVEMENTS

What are you proud of? (It can be academic or non-academic)

I won a silver medal in the

school football tournament.

I got an A in Science.

7. TEACHING DAY COMFORT

What helps you feel comfortable and engaged during the school day?

When teachers explain clearly and

give us time to ask questions.

Group activities also help me learn better.

8. SUPPORT & SUGGESTIONS

What support do you need? Any suggestions for your learning experience?

I need extra practice in maths.

More science experiments and

fun learning activities would be great.

ADDITIONAL NOTES

Anything else you would like us to know?

I am interested in astronomy and would love to join the Science Club.

Thank you!

STUDENT SNAPSHOT

Full Name: Ananya Iyer

Class: 8

Section: A

Age: 13

Gender: Female

Date of Birth: 22 August 2011

Roll Number: 14

School: Sunrise Public School

Academic Year: 2024-25

“ A NOTE FOR US

I love learning new things and want to make my family proud. I try my best every day to improve myself.

i 1. ABOUT ME

Tell us about yourself in a few lines (e.g., your interests, personality, anything you like)

I am cheerful, hardworking

and talkative.

I enjoy drawing, listening to music,

and spending time with friends.

★ 2. LEARNING CONTEXT

Share anything about your learning style, study habits, or support you need.

I learn best by doing activities

and using videos.

I like studying in a quiet place

and need help in long answers.

♥ 3. GOALS & DREAMS

What are your short-term or long-term goals?

My short-term goal is to score

well in exams.

My dream is to become

a doctor and help people.

👥 4. CHALLENGES & ROADBLOCKS

What challenges do you face (e.g., subjects, confidence, time)?

I find Science a bit difficult.

I get distracted while studying

at home.

🌿 5. HABITS & ROUTINES

Share your daily routine, study habits, or activities you enjoy.

I wake up at 6:30 a.m. and study

for 1 hour before school.

I do homework after school and

read story books at night.

★ 6. ACHIEVEMENTS

What are you proud of? (It can be academic or non-academic)

I won first prize in the drawing

competition.

I am proud of improving my

marks in Mathematics.

🕒 7. TEACHING DAY COMFORT

What helps you feel comfortable and engaged during the school day?

When teachers use examples and make class interactive.

Group discussions and fun

activities keep me active.

💡 8. SUPPORT & SUGGESTIONS

What support do you need? Any suggestions for your learning experience?

I need more practice worksheets and regular feedback.

More art and creative activities

would be nice.

ADDITIONAL NOTES

Anything else you would like us to know?

I am a part of the school dance team and enjoy performing.

I would love more opportunities to participate in cultural events.

Thank you!

STUDENT SNAPSHOT

Full Name : Saanvi Reddy
Class : 8
Section : C
Age : 13
Gender : Female
Date of Birth : 18 September 2011
Roll Number : 17
School : Bright Future
Public School
Academic Year : 2024-25

“ A NOTE FOR US

I always try my best and enjoy learning.
I want to make my parents proud and achieve my goals.

1. ABOUT ME

Tell us about yourself in a few lines
(e.g., your interests, personality, anything you like)

I am confident and creative.
I enjoy dancing, painting, and reading novels.
I love learning new things and helping my friends.

★ 2. LEARNING CONTEXT

Share anything about your learning style, study habits, or support you need.

I learn best through visual examples and practical activities.
I enjoy interactive classes and group discussions.
I prefer studying in a quiet environment.

3. GOALS & DREAMS

What are your short-term or long-term goals?

My short-term goal is to improve my Mathematics score.
My long-term dream is to become a doctor and help people.

4. CHALLENGES & ROADBLOCKS

What challenges do you face
(e.g., subjects, confidence, time)?

Sometimes I lose focus during long lessons.
I find advanced Maths problems challenging.
I want to improve my public speaking skills.

5. HABITS & ROUTINES

Share your daily routine, study habits, or activities you enjoy.

I wake up early and exercise regularly.
I study for 2 hours every evening.
I practice dance and read books in my free time.

★ 6. ACHIEVEMENTS

What are you proud of?
(It can be academic or non-academic)

I won first place in an inter-school dance competition.
I received an Excellence Award in English.
I participated in a science exhibition.

7. TEACHING DAY COMFORT

What helps you feel comfortable and engaged during the school day?

I learn better when teachers explain with examples.
I enjoy hands-on activities and classroom projects.
Friendly and supportive teachers motivate me.

8. SUPPORT & SUGGESTIONS

What support do you need?
Any suggestions for your learning experience?

More practical experiments would help me learn better.
Extra Mathematics practice sessions would be useful.
I enjoy creative and interactive learning activities.

ADDITIONAL NOTES

Anything else you would like us to know?

I am interested in science and healthcare.
I would like to participate in more leadership activities.

STUDENT PERSONA TEMPLATE

• Understand our learners before we build for them. •

STUDENT SNAPSHOT

Name (Pseudonym) : Aarav
Class / Grade : Class 7
Age : 12
School Type : CBSE – Private
Location (City/Area) : Andhra Pradesh
Language Comfort : English, Hindi, Telugu
Devices Used : Laptop, Smartphone, Tablet
(Mobile / Laptop / Tablet / Others)

A DAY IN MY LIFE

6:30 AM – Wake up & get ready
7:00 AM – Morning exercise
7:30 AM – School
2:30 PM – Lunch & short break
3:30 PM – Homework & online classes (if any)
5:00 PM – Play time / Sports
7:00 PM – Study & projects
9:30 PM – Free time (reading / YouTube)
10:30 PM – Sleep

1. ABOUT ME

Tell us about the student in a few lines.
(Interests, hobbies, favorites, what they enjoy doing)

I am a curious and friendly student who enjoys learning new things. I like exploring how things work, solving puzzles, playing sports, and spending time with friends and family.

3. GOALS & DREAMS

What does the student want to achieve?
(Short-term goals, long-term dreams)

- Score well in exams
- Learn coding and build my own apps
- Become a software engineer
- Travel the world with my family

5. NEEDS & EXPECTATIONS

What does the student need from a learning tool or solution?
(Features, support, type of content they prefer)

- Easy-to-understand explanations
- Practice questions & instant feedback
- Videos, animations and real-life examples
- Progress tracking and goal reminders

7. TECHNOLOGY COMFORT

How comfortable is the student with technology?
(Scale: Beginner / Average / Confident / Expert)

Beginner

Average

Confident

Expert

2. LEARNING CONTEXT

How does the student usually learn?
(Subjects they like / dislike, study habits, support at home)

I learn best when lessons are interactive and include examples. I like Maths, Science and Computers. I study regularly and prefer short breaks while studying. My parents and teachers support me at home.

4. CHALLENGES & PAIN POINTS

What makes learning difficult for this student?
(Concepts they find hard, struggles, frustrations)

- Sometimes I get distracted by social media
- Difficult topics in Maths need more practice
- Time management during exams
- I get nervous while speaking in front of the class

6. MOTIVATIONS

What motivates this student to learn?
(Rewards, encouragement, interests)

- Appreciation from parents and teachers
- Good grades and personal improvement
- Solving problems and learning new things
- Technology and hands-on activities

8. QUOTES & INSIGHTS

Any memorable quotes or important insights from conversations or observations.

“I learn better when I understand the ‘why’ behind things.”

ADDITIONAL NOTES

Aarav is a bright and enthusiastic learner who enjoys technology and visual content. He thrives in a supportive environment with clear goals and regular feedback.

STUDENT PERSONA TEMPLATE (CLASS 6–9)

• Understand our learners before we build for them. •

STUDENT SNAPSHOT

Name (Pseudonym) : Aarav
Class / Grade : 7th Grade
Age : 12
School Type : Private
Location (City/Area) : Pune, Maharashtra
Language Comfort : English, Hindi, Marathi
Devices Used : Laptop, Android Tablet
(Mobile / Laptop / Tablet / Others)

A DAY IN MY LIFE

I wake up at 6:30 am, get ready for school, and attend classes from 8 am to 2:30 pm. After school, I have lunch, rest a bit, complete homework, play badminton, and spend some time on YouTube or games. I sleep around 10:30 pm.

1. ABOUT ME

I am a curious and energetic student. I enjoy learning new things, especially about space, technology, and history. I love playing badminton and solving puzzles in my free time.

3. GOALS & DREAMS

What does the student want to achieve?
(Short-term goals, long-term dreams)

- Score 90%+ in my exams
- Become an aerospace engineer
- Travel the world and explore space centers

5. NEEDS & EXPECTATIONS

What does the student need from a learning tool or solution?
(Features, support, type of content they prefer)

- Short, engaging videos and real-life examples
- Practice questions with instant feedback
- Progress tracking and motivation badges

7. TECHNOLOGY COMFORT

How comfortable is the student with technology?
(Scale: Beginner / Average / Confident / Expert)

Beginner

Average

Confident

Expert

2. LEARNING CONTEXT

I usually learn best through videos, examples, and interactive activities. I get help from my parents and sometimes my older sister. I study more in the evenings and on weekends.

4. CHALLENGES & PAIN POINTS

What makes learning difficult for this student?
(Concepts they find hard, struggles, frustrations)

- Math word problems and geometry are tough
- Sometimes I lose focus during long lessons
- Exam stress and time management

6. MOTIVATIONS

What motivates this student to learn?
(Rewards, encouragement, interests)

- Praise and encouragement from family and teachers
- Badges, levels, and rewards in apps
- Topics about space, technology, and inventions

8. QUOTES & INSIGHTS

Any memorable quotes or important insights from conversations or observations.

“I learn better when I understand why things happen, not just by memorizing.”

ADDITIONAL NOTES

Aarav is a curious learner who thrives with interactive content and real-world connections.

STUDENT PERSONA TEMPLATE (CLASS 6-9)

Understand our learners before we build for them.

STUDENT SNAPSHOT

Name (Pseudonym) : Rahul Kumar

Class / Grade : 8th Class

Age : 13 Years

School Type : Government School

Location (City/Area) : Vijayawada, Andhra Pradesh

Language Comfort : Telugu, Basic English

Devices Used : Mobile Phone

(Mobile / Laptop / Tablet / Others) : Mobile Phone

A DAY IN MY LIFE

What does a typical day look like for this student?

Attends school from morning to afternoon.

Completes homework in the evening.

Watches educational videos and practices questions. Plays cricket with friends before dinner.

1. ABOUT ME

Tell us about the student in a few lines.
(Interests, hobbies, favorites, what they enjoy doing)

I love science experiments and cricket.

I enjoy watching educational videos on YouTube.

I like learning through visuals rather than long texts.

I want to improve my English communication skills.

3. GOALS & DREAMS

What does the student want to achieve?
(Short-term goals, long-term dreams)

- Score above 90% in exams.
- Improve problem-solving skills.
- Become a software engineer in the future.

5. NEEDS & EXPECTATIONS

What does the student need from a learning tool or solution?
(Features, support, type of content they prefer)

- Simple explanations in Telugu and English.
- Interactive quizzes and practice exercises.
- Visual content such as videos and diagrams.
- Instant feedback on mistakes.

7. TECHNOLOGY COMFORT

How comfortable is the student with technology?
(Scale: Beginner / Average / Confident / Expert)

 Beginner
  Average
  Confident
  Expert

ADDITIONAL NOTES Prefers visual and interactive learning. Benefits from short lessons and regular practice.
Needs encouragement to participate actively in class.

2. LEARNING CONTEXT

How does the student usually learn?
(Subjects they like / dislike, study habits, support at home)

I learn mostly through classroom teaching and mobile videos.

I like Science and Mathematics.

I find Social Studies less interesting.

I study 1-2 hours daily with support from my parents.

4. CHALLENGES & PAIN POINTS

What makes learning difficult for this student?
(Concepts they find hard, struggles, frustrations)

- Difficult to understand complex concepts from textbooks.
- Gets distracted while studying online.
- Limited access to personalized guidance.
- Hesitates to ask questions in class.

6. MOTIVATIONS

What motivates this student to learn?
(Rewards, encouragement, interests)

- Good grades and teacher appreciation.
- Support and encouragement from parents.
- Interest in technology and science.
- Rewards, badges, and achievement certificates.

8. QUOTES & INSIGHTS

Any memorable quotes or important insights from conversations or observations.

"I understand better when I see videos and examples."

"I want learning to be fun, not just reading textbooks."

"I feel happy when I solve difficult problems by myself."

STUDENT PERSONA TEMPLATE (CLASS 6-9)

Understand our learners before we build for them.

STUDENT SNAPSHOT

Name (Pseudonym) : John

Class / Grade : 8

Age : 13

School Type : Private Co-ed

Location (City/Area) : Tier 1 City

Language Comfort : English, Hindi

Devices Used : Tablet, Smartphone

(Mobile / Laptop / Tablet / Others)

A DAY IN MY LIFE

School till 2:30 PM. Unwinds with video games. Tries to focus on homework but procrastinates on Physics. Uses YouTube for tough concepts. Ends day with sci-fi (10 PM).

1. ABOUT ME

Loves sandbox games (Minecraft)

Enjoys sci-fi movies

Likes dismantling toys

3. GOALS & DREAMS

Short: Understand Physics formulas visually

Long: Become a game designer or robotics engineer

5. NEEDS & EXPECTATIONS

Interactive simulations to tweak variables

Short, animated 3D videos

Gamified quizzes with visual feedback

7. TECHNOLOGY COMFORT

How comfortable is the student with technology?
(Scale: Beginner / Average / Confident / Expert)

 Beginner
  Average
  Confident
  Expert

2. LEARNING CONTEXT

Likes Math and Computer Science

Dislikes Physics; struggles with text

Visually oriented learner

Parents push rote learning

4. CHALLENGES & PAIN POINTS

Hard to visualize abstract concepts (invisible forces)

Frustrated by memorization without 'why'

Overwhelmed by dense textbooks

6. MOTIVATIONS

Real-world phenomena ('magic')

Gamification: badges, levels

The visual 'Aha!' moment

8. QUOTES & INSIGHTS

"I completely understand it when I see the animation on the screen, but my brain blanks out when I stare at the same diagram in the textbook."

ADDITIONAL NOTES A bright, visual learner currently mislabeled as 'average' in Science because traditional text-based teaching doesn't match his visual/kinesthetic learning style.

STUDENT (CLASS 6-9)

! Understand our learners better so that we can support them. 

STUDENT SNAPSHOT

Full Name : Adya Patel
Class : 8
Section : B
Age : 13
Gender : Female
Date of Birth : 1 September 2011
Roll Number : 3
School : Sunlight
Public School
Academic Year : 2024-25

“ A NOTE FOR US

Adya is a bright and sensitive learner. She is growing into a responsible and kind young individual. With the right support and opportunities, she will achieve wonderful things.

ADDITIONAL NOTES

Anything else you would like us to know?

I enjoy volunteering and would like to involve in social service activities.
I am interested in art, technology, and reading about space.

1. ABOUT ME

Tell us about yourself in a few lines (e.g., your interests, personality, anything you like)

I am curious and creative.

I love reading mystery novels and writing short stories.

I enjoy sketching and listening to music.

I care about my friends and try to help others.

★ 2. LEARNING CONTEXT

Share anything about your learning style, study habits, or support you need.

I learn better with real-life examples and hands-on activities.

I enjoy group work and class discussions.

I prefer a quiet place to study without distractions.

I need help in time management during busy weeks.

3. GOALS & DREAMS

What are your short-term or long-term goals?

My short-term goal is to excel in my studies and participate in competitions.

My long-term dream is to become a data scientist and use technology to solve real-world problems.

4. CHALLENGES & ROADBLOCKS

What challenges do you face (e.g., subjects, confidence, time)?

I sometimes get stressed before exams.

Balancing studies with hobbies and school activities is tough.

I find Mathematics challenging at times.

I want to speak more confidently in front of others.

5. HABITS & ROUTINES

Share your daily routine, study habits, or activities you enjoy.

I wake up early and plan my day.

I study for 1-2 hours daily and revise regularly.

I play badminton and do yoga in the evening.

I keep a journal and read before bed.

★ 6. ACHIEVEMENTS

What are you proud of? (It can be academic or non-academic)

I won first prize in the elocution competition.

I secured 2nd place in the interschool science quiz.

I published a short story in the school magazine.

I completed an online coding course and built a small project.

7. TEACHING DAY COMFORT

What helps you feel comfortable and engaged during the school day?

I learn better with interactive lessons and visual aids.

Friendly and encouraging teachers make me comfortable.

Breaks between classes help me stay fresh and focused.

Positive feedback boosts my confidence.

8. SUPPORT & SUGGESTIONS

What support do you need?

Any suggestions for your learning experience?

I need extra help in Mathematics and advanced problem solving.

More project-based learning would help me understand better.

Career guidance and mentorship sessions would be valuable.

Opportunities to showcase my talents will keep me motivated.
