Alter Ego...

Superhero Name :- Spider-Man (Andrew)

After loosing loved ones life need to go on....!

Secret Superpowers :-

- Interacting with others to dive into different perspectives.
- Innocent outlook. [over hyped]

Kryponite (Frustrations) :-

Laughing ear to ear for lectures after attending to class, even those are choosen by me.

Ultimate college mission :-

Same like above spell ultimate, it was unclear while surviving challanges are growing than any other thing.

IRON SCHOLAR

Saving deadlines, grades & Wi-Fi signals... one arc reactor at a time.

SECRET SUPERPOWERS

- ★ Detects assignment portals opening at 11:58 PM from across the campus.
- ★ Can absorb an entire semester's notes in 60 minutes before exams.
- ★ Gains +100 IQ when Google is unavailable during viva.
- ★ Runs on caffeine & Wi-Fi — loses all powers if either drops below critical level.
- ★ Has Ultra-Adaptability: thrives in group projects even when the group is just me.

— **WANT I DIDN'T LIKE?**

Group projects where I build the Iron suit and everyone else takes the credit at the Stark Expo.

FRIDAY: HOLD MY CHAT!

AUTER EGG: PROFESSIONAL OVERACHIEVER

DEGREE LOADING: 80%

KRYPTONITE (FRUSTRATIONS)

- ✗ People who don't return high-fives — my arc reactor dims by 40%.
- ✗ Wi-Fi dropping during final submission — classified as a war crime.
- ✗ Group project members who vanish like Thanos snapped them.
- ✗ Professors who say "5 more minutes" and teach for 45 more.
- ✗ People walking at 0.5x speed on stairs when I'm already 10 mins late.
- ✗ 8 AM lectures — my suit refuses to boot before 9.

ULTIMATE COLLEGE MISSION

- ✓ Engineer mandatory 2 PM nap pods on every campus floor.
- ✓ Build a holographic notes projector so borrowed pens become obsolete.
- ✓ Become the first person whose group members actually show up.
- ✓ Discover why motivation only activates after 11 PM.
- ✓ Convert canteen admissos into valid academic credit hours.
- ✓ Get a degree with maximum fun and minimum CGPA damage.
